Gerva Academy – a Dubai based company specialized in sustainable governance – was created to help professionals and organizations to turn ideas into efficient businesses. Our first and only goal is to equip you with process improvement and value creation tools so your project can stand up to the test.

Its founder, **Jesse Gerva, LL.B., MBA**, defines himself as a strategist. Sometimes his work is done in individual meetings, quite often with large audiences and in occasions on behalf of people and companies. He has been working for over 20 years as a board member, advisor, professor, business manager, mentor, and investor in North America, Europe, South America, Africa, Asia and Middle East.

Through his work at **Gerva Academy**, Jesse had the opportunity to play key roles in a number of organizations, including: judge at Brampton Entrepreneur Center, mentor at Ryerson University and Enterprise Toronto, board member at Mount Forest Chamber of Commerce, Kanisa Fellowship SDA, and Endeavour Consulting (Canada), and speaker at Design Hub Kampala (Uganda).

In his previous duties, **Jesse** worked as a director in several companies, such as PUMA Sports (Brazil), Toronto Business Development Centre, and Futureworx Society (Canada).
